

## COPA FLIGHT 92

### MONDAY April 17, 19:30 REGULAR CLUB MEETING

Our guest speaker will be Jerry Mulder  
Red Deer Airport Well Known Personality

Jerry has flown a variety of aircraft from gliders to turbines and he has built almost as many aircraft as he has flown. On Monday we are going to celebrate Jerry's skills as a builder by visiting his hangar and learning about the motor glider he plans to complete this summer.

We will meet at the RDFC building at 7:30 and then carpool to Jerry's hangar at 7:45. We will return to the clubhouse for the business portion of the meeting after the tour.

### RDFC Rust Remover - May 7

Edmonton FIC representative will provide an overview of the Nav Canada system as well as the difference between FSS and FIC.

Canadian Beacon Registry representative will talk about the 406MHz beacons, the beacon registry and the role they play in the Canadian Search and rescue system.

Third presenter details to TBA

### QUIZ

What motor glider is Jerry building?
