## ***COPA FLIGHT 92***

### **RAM FALLS MAINTENANCE**

On June 13, 2013 4x4 ruts were filled in, grass was cut in some areas, parts of the airstrip were dragged, and the entire airstrip was packed. Ram Falls airstrip is now in excellent condition!

Darrell Glover, Abe Derksen and Bill Cocks(IFC) supplied the equipment. Jim Thoreson, Darryl Wolter and John Radomsky worked shovels and rakes while a flock of sheep cut the grass.

Many thanks to the work crew particularly Darrell, Abe and Bill for supplying the equipment.
