

## New to the field - Gary Gant's C-182TC

### Red Deer Flying Club

### January 2010 Newsletter

Put this one on your calendar, or your Blackberry, or your Stawberry or whatever ----

The January 2010 meeting of the Flying Club will be held on January 18, the third Monday of the month, at 7:30 PM at the Club House. We have arranged a deal with Kim Skinner to do a two-part session for CASARA pilots and RDFC members. Part 1 will be Monday the 18, Part 2 will be the following night. He will cover things like icing, forced approaches, weather, etc. On the second night he will talk about psychological factors, aging pilots, and other topics that come up.

We hope everyone from both groups will show up. This session is free to you. CASARA and RDFC are splitting the cost.

We hope for a good turn out at the meeting to thank and honor the recipient of the 2009 John Page award "for exemplary service to The Club". This years winner is Joe Nagy. Joe has helped us in many, many ways during the past few years.

It seems like much of our "Christmas Holiday flying time" got snowed on or frozen out. However, some of our members got out a couple of times. Norm fired up the Buzzard several times and took Bert for a ride on January 3. The air was winter-smooth, the plane was warm and we had a great flight. As we returned we met Andrew firing up his Mooney for a trip to Edmonton.

#### Greatest Aviation Movies of All Time:

Last month several of us met at the Flying Club to watch the first of these great movies (Those Magnificent Men in Their Flying Machines). Each of us had seen the movie before but a long time ago. We had a great evening - laughed and laughed. This month we will present The Great Waldo Pepper at 7:30 PM on Friday, January 22. Come, bring your popcorn and a friend.

Remember to look at our web site.

[www.reddeerflyingclub.org](http://www.reddeerflyingclub.org) It is a work in progress and changes from time to time. Send pictures of your plane to Norm or Bert

For the January 18 meeting we will try a "swap shop night" where everybody brings something that they would like to sell or give away. Doesn't have to be aviation related, but no spouses!

Please suggest topics for the Rust Remover sessions to be held in the spring. We need the ideas now. It takes quite a bit of time to line up some of the speakers.

The topics need to be safety- related.
