

December 2010 Newsletter

The January meeting: The regular date for our meeting (3rd Monday) is January 17. The guest presenters for the meeting will be Matt & Darrel Glover,, who have just returned from Louisiana to pick up a, new to them, Cessna 172. We understand that it was quite a trip. They came close to getting the “Greyhound Award”. The story will make an interesting program.

Membership Dues: A motion was made, seconded, and passed at the last meeting to raise the membership fees. They had not been changed for several years and the cost of heat and electricity have increased substantially. The new rate will be \$50 for a regular membership and \$100 for corporate memberships. Please bring your cheque for Colin Heuven our new Membership person.

The Harvard Rocks:

We still have a couple of sad rocks that don't have an owner/sponsor. If you plan to be involved, please bring your \$200 cheque to the next meeting or phone Jim Thoreson to secure one.

Greyhound Award: The executive committee has decided that this year the award will be presented to Ron Schmidt for his wise decision to leave the plane on the ground and return from Drayton Valley by ground transportation. Good thinking, Ron.

John Page Award: This award is given annually to someone who has showed exemplary service to the club. This year it will be given to Mike Sutherland for “Many years of exemplary service to our flying community” Congratulations, Mike.

We hope for a great turn out to the January meeting to see these fellows accept the awards.

HHAS Calendars:

The Harvard Historical Aviation Society have again this year, produced a very impressive calendar. \$15. Not only does it have great pictures, the historically related captions are really interesting. They will be available at the meeting.

Watch out for the wind turbines - - 50 near Huxley -- 100 near Halkirk. Almost 400ft. high.
